Oh oh ohh my.. ohh yeah
yeah yeah ohh ohhh love love.. yeah

Hollywood..Hollywood..
Heard you like to take the love,
That's why I.. came to town..
With only my brain..

Holly baby..baby..(yeah)..baby.. yeah
Why do you drive a talent crazy.. crazy..
Yeah

When they call your home, their home.. their home..
yeah.. (x2)
And they come from far away to meet ya..
Then you break their hearts in pieces
They call your home, their home.. their home..
yeah..yeah

And you drive em crazy..
Holly baby..Holly baby.. Hollywood.. oohh

I met you on the TV screen
You told me you were single and
We talked about the weather babe
You said it never rains in southern Cali..
baby.. baby.. why do you drive a talent crazy..
Yeah,baby yeah..

When they call your home, their home.. their home..
yeah.. (x2)
And they come from far away to meet ya..
Then you break their hearts in pieces
They call your home, their home.. their home..
yeah..yeah
And you drive em crazy..
Holly baby..Holly baby.. Hollywood.. oohh yeah...
