

## Lotus Effect "Fireflies"

Visit "[Fireflies](#)" on [MotoLyrics.com](http://MotoLyrics.com)

I feel my life it slips away.  
Lay a flower on my tomb, a halo on my head.  
I know I will be missed, so many chances fade away.  
Forgive but don't forget.

(acoustic version only)

\*They say that time it heals all pain.  
Then pour a little in my wounds to take this ache away.  
I know we all are lost, simply trying to find our way.  
Live each day like it's your last.\*

Chorus

And I - I see the fireflies.  
And I - I can't stop wondering.

Verse 2

So many thoughts they cross my mind.  
I feel the folly of my youth, the folly of my pride.  
I know you have regrets, you and I were brothers.  
Only myself to blame.

Chorus

And I - I see the fireflies.  
And I - I can't stop running.  
And I - I'm down by friendly fire.  
And I - I can't stop wondering.

Bridge

I know that life goes on.  
Yet I cannot move on.

Verse 3

I watch you go from day to day.  
Trapped behind this two-way mirror, I long to touch  
your face.  
I know you love me still, (keep my picture by your bed.)  
You know I love you still.

Chorus

And I - I see the fireflies.  
And I - I can't stop running.  
And I - I'm down by friendly fire.

And I - I can't stop wondering.
