Visit "[19 Floors](#)" on [MotoLyrics.com](http://MotoLyrics.com)

There are 19 floors and a thousand doors  
And one of them is mine  
A million names, don't seem the same  
And that's just fine

I'm sure I'm immature  
But I choose detour just to avoid eye contact  
I know it might seem strange  
But I don't wanna change  
I just don't like to interact

I don't wanna walk my neighbor's dog  
And I can't lend a cup of milk  
I don't wanna walk my neighbor's dog  
And I can't lend a cup of milk

A simple "hi" when passing by  
It's not easy as it seems  
I'd rather go than say hello  
Or else [I might scream?]

I can't make small talk  
So I'd rather walk than take the elevator  
Can't make it to the  
'Till I just caught the flu  
And never later

I'm sure I'm immature  
But I just detour just to avoid eye contact  
I know it might seem strange  
But I don't wanna change  
I just don't like to interact

I don't wanna walk my neighbor's dog  
And I can't lend a cup of milk  
I don't wanna walk my neighbor's dog  
And I can't lend a cup of milk

A simple "hi" when passing by  
It's not easy as it seems  
I'd rather go than say hello  
Or else [I might scream?]

19 floors  
And a hundred doors  
Million names don't seem the same (2x)
