Weez a leavin Chicago for a sex and violence

Weez a leavin Chicago singin "Why the hell not try it"

And I got my MoMo, and She's got the wheel

And if the cigarettes don't kill me then the whiskey will  
When we get to the border MoMo wants a motel  
So I pull on over to get down on a sofa

and it's making gravy bout 99 times

2 were for good luck and the rest were to get us high!

Then we boogie oogie out to a bar

thats when we run into trouble with JOHNNY LAW!

and he says, "You goin 90 in a 45,"

He says, "Girl you lucky to be alive"

Then I opened up the back door and I popped him in  
the face

and MoMo hit the pedal to Memphul for a High SPEED  
CHASE

[rock out so fucking hardcore]

When we get Memphul heading straight for the bar

That's when we meet up with these boys from Wichitaw

and dey's uh, lookin at MoMo and dey's uh Lookin at  
me

and they say, "Lookie here we got some damn  
yankees"

so I pulled out my Wesson, sayin "Tell you no Lie,  
If you don't leave her alone I'll put one right between  
your eyes!"

Then we kicked it to 'Ssippi so uh, we could thank

GONNA GET DOWN TO EUREKA GONNA ROB A FUCKIN  
BANK

and then it's over to joeja, oh west to texas

cuz we gotta get our fix of all that sex and Vy Oh  
Lence!

When we get to Odessa gonna get me a shotgun

Gonna rob a jewler gonna get MoMo a diamond

then it's down to Paso to find a preacher

then across the boada so the police couldn't reach us

but as we boogie oogied out to the car

we ran up wit dem boys from Wichitaw  
and dey's uh, lookin at MoMo and dey lookin at me

and dey say, "Lookie here it's dem Damn Yankees"

And so I pulled out my Wesson sayin, "Tell you no Lie,"

But before I could shoot they put one right between my  
eyes SHIT!

And uh, Sex and Vylence and uh, MoMo's cryin

sayin, we were young, but not too young for dyin

and it's uh, Sex and Vylence in uh mare ick kuh

I can't say I love it but I cannot get enough....
