Friday used to be the day
t.G.I.F's what I'd say
I would blow my whole week's pay
on a bender with the boys
Spend all weekend sleeping off
the gymbee and the sense I'd lost
Running from myslef and God
trying to fill an empty void
Back then my life was such a mess
TGIF

Thank God I'm forgiven
Now everyday's a day thats worth livin
From the bottom of a bottle
through the ashes I have risen,
thank God, thank God I'm forgiven

It was a sunday morning comin down
I woke up in a whiskey cloud
My head was pounding oh so loud
it brought me to my knees
I cried and began to pray
Lord please help me change my ways
it lifted off that heavy weight
that moment I believed
I nearly drank myself to death
TGIF

Thank God I'm forgiven
Now everyday's a day thats worth livin
From the bottom of a bottle
through the ashes I have risen,
thank God, thank God I'm forgiven

I was lost, now I'm found
cause of His amazing grace
It's TGIF everyday

Thank God I'm forgiven
Now everyday's a day thats worth livin
Now every single breath
is a blessed gift of heaven

thank God, thank God I'm forgiven
thank God I'm forgiven
