Baby oh baby what can I say  
Let's open me up you like it this way  
No secrets no lies no holding back  
Sometimes you give me a real good laugh  
I said baby, baby I'm doing all that I can  
So I sat her down man to woman and said

(Chorus)

You always said to speak my mind  
Now I am paying for it one word at a time  
I'm afraid that I ain't done just yet  
Spoke some more things she's gonna regret  
Told her how I felt no sugar coat  
Holding nothing back let it all go  
I said holding nothing back let it all go

Always something you just got ta change  
One track mind at changing my ways  
I know you love me but I don't know why  
Why you're changing me all of the time  
Baby don't push me over that line  
Now it's you paying on one word at a time

(Chorus)

You always said to speak my mind  
Now I am paying for it one word at a time  
I'm afraid that I ain't done just yet  
Spoke some more things she's gonna regret  
Told her how I felt no sugar coat  
Holding nothing back let it all go  
I said holding nothing back let it all go

(Bridge)

Baby, baby I must confess  
You're a real big pain in the ass

(Chorus)

You always said to speak my mind  
Now I am paying for it one word at a time  
I'm afraid that I ain't done just yet  
Spoke some more things she's gonna regret  
Told her how I felt no sugar coat

Holding nothing back let it all go  
I said holding nothing back let it all go
