Well, I'm all alone in SanAntone
Sitting on the side of the road, in SanAntone
My baby she left me
She left me nothing but my jeep, in SanAntone

(Chorus)

I hope my baby comes to, soon
'Cause these holes are getting' bigger, in my shoes
And I don't know why
But she's always on my mind
My girl in SanAntone, in SanAntone

(Bridge)

Oh, she's still my girl
Oh, I don't even care that she through me out
She's still my girl

I don't know what to do
Should I go back or should I just go
Get out of SanAntone
Maybe she will think of me
Then she will finally see
What she lost, in SanAntone

(Chorus)

I hope my baby comes to, soon
'Cause these holes are getting' bigger, in my shoes
And I don't know why
But she's always on my mind
My girl in SanAntone, in SanAntone

(Bridge)

Oh, she's still my girl
Oh, I don't even care that she through me out
She's still my girl
