About a year ago, I left all that I know
Headed down to Carolina
Thought I needed a change, a chance to rearrange
Everything that I was
I wanted out, so I headed south
Feels like my life's passin' me by
Oh, I like the sound of me turning around
As I pass the South Carolina line

(Chorus)

I'm leaving South Carolina, gonna head back home
To the love and the life that I already know
Wish that I could stay, but this isn't the way
As the dark sky breaks to day
It's only been two days and I'm ready to go
Can't wait to get back to a place I call home
Leaving South Carolina

When I came home I found a love of my own
Waited forever and a day
If I stayed down there I'd just be scared
I'm glad things turned out this way
How far can we go, I been missing you so
I was feelin' so blue
She whispered I'm glad that your mine
Where you been all this time
I was out there looking for you
Leaving

(Chorus)

I'm leaving South Carolina, gonna head back home
To the love and the life that I already know
Wish that I could stay, but this isn't the way
As the dark sky breaks to day
It's only been two days and I'm ready to go
Can't wait to get back to a place I call home
Leaving South Carolina

(Bridge)

Home is where the heart is, so they say
Whoever said that must have been feelin' this way

(Chorus)

I'm leaving South Carolina, gonna head back home
To the love and the life that I already know
Wish that I could stay, but this isn't the way
As the dark sky breaks to day
It's only been two days and I'm ready to go
Can't wait to get back to a place I call home
Leaving South Carolina
