Shan VdP: If you got no scars to show for your
progress, I guess you got lucky/ But with these
calloused hands and a box of broken hearts,
IÃfÂçâ, ¬Â™ I be staring at the sun with a black eye,
trust me/ If you got no scars to show for your progress,
I guess you got lucky/ but with these calloused hands
and a box of broken hearts/ IÃfÂçâ, ¬Â™ I be staring at
the sun with a black eye, trust me!

Derek D: Brick by brick by brickÃfÂçâ, ¬Ã,Â! / when the
upheaval gets rampant, people abandon ship/ stone by
stone by stoneÃfÂçâ, ¬Ã,Â! / in obscurity,
youÃfÂçâ, ¬Â™ I be finding me thanking Selaron,/ step
by step by stepÃfÂçâ, ¬Ã,Â! / when itÃfÂçâ, ¬Â™ s easy
to cancel, donÃfÂçâ, ¬Â™ t be the believer that been all
beat up and canÃfÂçâ, ¬Â™ t stay on/ chin up and
channel the beat or bleed on the canvas,
itÃfÂçâ, ¬Â™ s either youÃfÂçâ, ¬Â™ re ready to be the
cheetah or stand still

Shan VdP: Come on in, make yourself at home, lose the
halo/ you can place it with the two faces on the table/
we can sit and exchange lies and laugh loudly/ but

I'd rather drink my drink/ I already know
what you despise about me/ and you still think
I'd sink/ with that runner up badge that you
boast about often/ I mean you really didn't
win/ now you run amuck mad, pose for the closed
coffin/ leave it or you will be in oblivion again/ collect
your insecurities and place them in a capsule/ then
place that in a black box and aim for the rest/ cause the
name of the game is, lets see who can hide that little
black box the best/ and I find that you
wouldn't pass the line down for me to climb
back/ You would rather watch me drown, and I
don't really mind that/

Derek D: Could I live with an honest and
anonymous involvement in this thing called life? / I
think the problem is I think I'll die/ With the
volume at a moderate rate, rape me inaudible/
I'll drink all night./ You see I'm
all about this olly olly oxen free approach, and all
behind me is a hobby and the talks of being focused/
only now at leagues of octopus in oceans/ no longer
blinded by the night and not a blink gone by
