In the morning
Real early when the suns about to rise
You already got your hand between my thighs
And it feels so good it makes me wanna cry
(Ay Ay Ay)
So can I feel you
(You got me burnin up)
Can I taste you
(Homeboy I just can't get enough
No, no, no (echo))
It's getting late it's time for work we gotta go
But before we leave I think there's something you
should know

(Chorus)
Baby I'm ready for you anytime you want
But I really like it when we do it in the (dark)
So can we do it baby (Ah ah) I wanna do it do it, I like it
when we do it in the (dark)

I'll go any(where you wanna go)
Come on now baby what I (look like sayin no)
So can we do it baby (Ah Ah) cause I like to do it when
we do it
(I like it when we do it in the)

In the afternoon
I hear you knockin on my door
I'm excited just because you want some more
Got my neighbors out there thinking I'm a.umm (Ay
Ay Ay)
But I don't care because your leg is on my shoulder
Now you're pullin me a little closer
Makin it hard to breath
I lose control but don't get it twisted there's still
something you should know

Chorus;

Baby I'm ready for you (anytime you want)
But I really like it when we (do it in the dark)
So can we do it baby (Ah Ah) Cause I like to do it, do it I
