[Verse 1]

I stare at the window wondering why
It feel like you left in the dark
The fi[..]ness fight are tearing us apart

[Hook]

But running away won't solve any problem
As long as you still do care
Baby don't you leave me standing here
Together we'll find a way

[Chorus:]

I know it ain't easy now
But we'll make it through somehow
Just know that my feelings are true
No matter how deep we fall
Together we standing tall
We better for me and you [?]
I want you to know I'll give my best to you
So don't you ever give up?
Girl you're my destiny,
Need you to stay with me forever and more

[Verse 2]

You're asking in [?] constantly for advices
They're telling you what you should do
But they don't know the darkness we've been through

Now we're in a crossroad but we know where to go
So baby don't take the wrong turn
Can we try destiny without you by my side? oh no

No ones as good, good as you
And there ain't nobody else
That makes me feel so true
So never let go, no never let go
I wanna share my life with you girl
Forever and more

[Bridge]

Forever and more
.. [?]

I know it ain't easy now
But we'll make it through somehow
Just know that my feelings are true
No matter how deep we fall
Together we standing tall
We better for me and you [?]
I want you to know I'll give my best to you
So don't you ever give up?
Girl you're my destiny,
Need you to stay with me forever and more
