Feeling restless

Crave for company

never gave me

Any room to breathe

Intuition

Soon made me wise

As you ran out of

Alibis

Took time to draw the line

That I can't deny

Nothing is plain or black and white

You fight like a tired soldier

Shielded by wounded pride

Always pretending to be strong

Desperately waiting for

Another time, another place

I don't care no more

I am the one you can't replace

A fact you can't ignore

Can you face it

I'm forever gone

Dug your own grave

Shot with your own gun
