"Shades of night, fall upon my eyes

lonely world fades away

Misty light, shadows start to rise

lonely world fades away

In my dreams your face is all I see

Through the night you share your love with me

Chorus

Dreaming visions of you

Feeling all the love I never knew

Here we are on the crossroads of forever

Shining star lites the way

Walk with me on the winds of time

Love's mystery is for us to find

Dreaming visions of you

Feeling all the love I never knew

Until that day

Until the day I find you

I won't rest, I won't let go

Somehow Someway

I know I'll be beside you

To warm my heart

and fill my soul
