And if the sun comes up, and your heart is fleeting,
and you regret what we've done, cause it had no
meaning,
Then I promise not to be there in the morning

For the sake of just saying,
why don't we say what we did last night was alright,
and we'll be alright.
And if the sun goes down tonight,
could I count on you to be by my side when it turns
light?
When day turns from night?

And I know this ain't you're thing.
And for you it was just a fling,
but I had better intentions than a one night stand.
And I'll never forget the way,
her voice sounded when she'd say,
"Come back to bed."
So I did.

And if the sun comes up, and you're heart is fleeting,
and you regret what we've done cause it had no
meaning,
then I promise not to be there in the morning.
And if the sun comes up and you're heart is fleeting,
and you regret what we've done cause it had no
meaning,
then I promise not to be there in the morning.

And if her heart is gone, it means it's gone to hell.
Then I'll just forget the way she smells,
and I'll realize she deserves better than this.
And if her heart is gone, it means it's gone to hell.
Then I'll just forget the way she smelled, I'll be gone.
And if the sun comes up, and you're heart is fleeting,
and you regret what we've done cause it had no
meaning,
then I promise not to be there in the morning.
And if the sun comes up and you're heart is fleeting,
and you regret what we've done cause it had no
meaning,

then I promise not to be there in the morning.

I've been awake for days,
thinking of what I should say.
When I said I'd never leave you,
I meant I'd never need you,
I've been awake for days,
thinking of what I should say,
When I said I'd never leave you,
I meant I'd never need you [x2]
(Am I just wasting my time?
Was it just for that one night?
The way you touched me.
The way you tasted.
The way I felt about you was blatant.)

And if the sun comes up, and you're heart is fleeting,
and you regret what we've done cause it had no
meaning,
then I promise not to be there in the morning.
And if the sun comes up and you're heart is fleeting,
and you regret what we've done cause it had no
meaning,
then I promise not to be there in the morning.
I promise not to be there in the morning.
