I've got my mind set,
and I've been preparing,
so please excuse me if my eyes have been staring.
You make my heart ache, with the thought of your skirt
length.
Keeping you out of my head is impossible.

So I've heard you've got a boyfriend from out of state.
Well if it's true you better hope he doesn't come my
way,
Because I'm gonna let him know,
what everybody else in this town already knows.
You've got a feeling for the things that only I can do,
And if you're faking this it's pointless that I ever even
met you.
So, you gotta let me know before you're boyfriend
comes around and you just let me go.

Are you into me, or are you leading me on?
I've got a pretty good feeling it could be either one.
And I, I'm not scared,
but I'm not prepared to be the boy with my finger stuck
in the damn.
I've got these big plans, and big city dreams,
But the only thing I can think about is you and me.
So let's, get it on.
What do you say we get it on and keep it on and on.

And I swear I'll do my best to comply with whatever
you're trying to hide.
And I swear I'll do whatever it takes to be whatever it is
you need.
And I swear I'll do my best to comply with whatever
you're trying to hide.
And I swear I'll do whatever it takes to be whatever it is
you need.
What do you see in him, that you don't see in me?
Are you into me, or are you leading me on?
I've got a pretty good feeling it could be either one.
And I, I'm not scared,
but I'm not prepared to be the boy with my finger stuck
in the damn.

I've got these big plans, and big city dreams,
But the only thing I can think about is you and me.
So let's, get it on.
What do you say we get it on and keep it on and on.

And I'm just trying to keep myself in line,
but your condescending ways make it hard for me to
change.
And I wonder why I even try,
because your condescending ways keep me up all
night.

Are you into me, or are you leading me on?
I've got a pretty good feeling it could be either one.
And I, I'm not scared,
but I'm not prepared to be the boy with my finger stuck
in the damn.
I've got these big plans, and big city dreams,
But the only thing I can think about is you and me.
So let's, get it on.
What do you say we get it on and keep it on and on.
And keep it on and on.
