You're my everything, everything that I need.
Here in your arms is where I, where I'd like to be.
It might be too soon for I love you's, but I can't hide the truth.
It might be too soon, but I love you, I love you, I love you.

Let's get out of this town.
She said "No, Baby Baby. Everyone's saying that lately.
Let's just sit back and relax, and just chit chat and hold hands,
and hold hands, and hold hands."

You're my sunflower, flower.
The one that bloomed in my bedroom,
and with your clothes off you have, you've never looked so cute.
What would you do for I love you's?
What would you do?
It might be too soon but I love you.
I love you, I love you.
Let's get out of this town.
She said "No, Baby Baby. Everyone's saying that lately.
Let's just sit back and relax, and just chit chat and hold hands,
and hold hands, and hold hands."
That's cute.

What would you do for I love you's?
What would you do?
It might be too soon but I love you.
I love you, I love you.

Let's get out of this town.
She said "No, Baby Baby. Everyone's saying that lately.
Let's just sit back and relax, and just chit chat and hold hands,
and hold hands, and hold hands."
