LYRICS BY LORRAINE FEATHER

MUSIC BY EDDIE ARKIN

The night is glamorous
The weekend is ahead of us
And were ready for it honey
Big Fun
And were ready for it honey
Big Fun

Well I can hardly wait
The skyline shines like heaven's gate
And were ready for it honey
Big Fun
And we're ready for it honey
Big Fun

Here comes Big Fun
Im steppin out with a special one
Here comes Big Fun
Got through the week somehow
Well kiss like this
Catch up on all the romance we missed
Here comes Big Fun
Were gonna have it now

The workdays dead and gone
The girls are putting make-up on
And were ready for it honey
Big Fun
And were ready for it honey
Big Fun

Around the neighborhood
We concentrate on looking good
And were ready for it honey
Big Fun
And were ready for it honey
Big Fun

Here comes Big Fun
Im steppin out with a special one
Here comes Big Fun
Got through the week somehow
Well kiss like this
Catch up on all the romance we missed
Here comes Big Fun
Were gonna have it now

A thundering dance beat
Spills into the big street
This is Big Fun
The crowds are peaking
And horns are beeping
This is Big Fun

We run through the door
Stampede the dance floor
This is Big Fun
Were flying non-stop
Well do it til we drop
This is Big Fun

Here comes Big Fun
Im steppin out with a special one
Here comes Big Fun
Got through the week somehow
Well kiss like this
Catch up on all the romance we missed
Here comes Big Fun
Were gonna have it now
