Dance away  
Dance away  
I saw you in the shadows  
You were acting so free  
I knew the last thing on you mind was me  
I could hear the laughter  
And from that moment after  
Girl, you had my pride down on its knees  
Who does your night belong to  
Now that I'm gone  
Does he call you baby all night long  
Who does your night belong to  
Who is the one you turn to  
Are you dancing to our favorite song  
Dance away  
It's only my mind you're taking  
Dance away  
It's only my heart you're breaking  
If I've lost my touch, go on and give me up  
And dance my love away  
I can make it on my own  
My love will survive  
I will find someone to get me by  
But I'll be left with feelings  
That will go unsatisfied  
My need for you is very much alive  
Dance away  
It's only my mind you're taking  
Dance away  
It's only my heart you're breaking  
If I've lost my touch, go on and give me up  
And dance my love away  
Dance away  
Go on dance away  
It's only my mind you're taking  
Dance away  
It's only my heart you're breaking  
If I've lost my touch, go on and give me up  
And dance my love  
Dance my love  
Dance my love away
