Manilow Barry
"Don't Fall In Love With Me"

Music by: Barry Manilow
Lyrics by: John Bettis

She was just a girl who knew the way
I was so naive
Everything she ever said to me
I wanted to believe
I was close to too far gone
When she sat down and
Told me tenderly

Don't fall in love with me
I'll only break your heart
For us forever is just tomorrow
Don't fall in love with me
Don't let the fire start
If you should fall
I'm afraid I'll follow you

Now I'm on the other side of love
Lookin' right at you
There you are so young and sure
Your life has room enough for two
So it's up to me to try and say
Words that didn't stop me yesterday

Don't fall in love with me
I'll only break your heart
For us forever is just tomorrow
Don't fall in love with me
Don't let the fire start
If you should fall I'm afraid I'll follow you
