By: Barry Manilow, Enoch Anderson

It really doesnt matter if she suffered all she claims.
You know she started somewhere and she found her
way to fame.

And feeding on the lonely crowd, she finally belongs.
A Goddess by the microphone she sings her troubled
songs.

Shes a star

No on can tell her anymore

(She did it)

Shell ride as far

As the road can go

And what it costs, she oughta know

She said shed do it

Shes a star

(she did it)

Theyre hangin on her music as it fills the concert hall

And shes teasin them with moments, when you think
shell give it all

But shes holdin back the total, cause that s how she
works the spell

Yeah, she likes to leave em hungry, yeah she loves to
hear em yell!

Shes a star

No on can tell her anymore

(She did it)

Shell ride as far

As the road can go

And what it costs, she oughta know

She said shed do it

Shes a star

(she did it)

And finally, the wild applause that cleans her soul and
saves

Shes left with no companions only enemies and slaves.

Shes scared again the show was slow, she felt it fall
behind

Tomorrow nights already raising riot in her mind.

Shes a star
No on can tell her anymore
(She did it)
Shell ride as far
As the road can go
And what it costs, she oughta know
She said shed do it Shes a star (she did it)
