Your'e a taker, baby. Takin but never givin.
You better be careful, lady, ooh bout how you're livin.
See love don't like when u break hearts like that,
And, just like a boomerang, it's gonna come right back,
oh...

Now when u get thru stompin on my heart like that,
Keep your eyes open baby, ooh you better watch you
back.
Cause love will turn around and do the same damn
thing to you.
Just like a boomerang, it's gonna come back to you,
oh...

(Bridge)

Whoa... you see I love you baby. You got me hangin on
a string.
Tear out my heart and throw it down, stomp my
feelings on the ground,
I'll be all right, can't keep me down, what goes around
comes around!
When you live like that, when you take but never give,
baby.
It's gonna come right baby.
When you live like that, when you hurt me like you do,
Just like a boomerang, it's gonna come back to you.
