If we could only wait for another day then maybe we  
can give ourselves another chance, then we may go on  
with a love that's strong and we can prove ourselves  
that we can be one

But now that you're too far away I don't know what to do  
or say, will you lend a helping hand when I need one?

[Refrain 1]

We could have another chance If we could learn to  
understand, now I'm sure you'll see me cry now you've  
said your last goodbye since then I promised to myself  
this heart will never fall in love again

When I close my eyes I can still recall all the laughter  
and the joy that made us whole like a fairy tale creepin'  
to my dreams those happy moments that each day with  
you did bring

Now that you're too far away I don't know what to do or  
say, can I forget these dreams and leave them all  
behind

[Refrain 2]

We could have another chance If we could learn to  
understand, now I'm sure you'll see me cry now you've  
said your last goodbye.

If we could only just hang on yes, we could have it all, I  
don't know how our love went wrong If both of us will try  
and we could have it all

[Refrain 3]

We could have another chance If we could learn to  
understand, now I'm sure you'll see me cry now you've  
said your last goodbye, still in all a hope grows even  
more that we could try and we could have it all, we  
could have it all(3x)
