I know things are getting better,
Even when you feel like they're not.
So hey girl, take a look around you,
Look at everything that you've got.
And I know you've been in a scary place,
But can I help you turn the page,
Treat you how you deserve to be.
Wanna be a part of your fantasy,
Well only if you promise me we'll keep

The light on, light on, light on
The light on, light on, light on
We'll be alright, alright, alright, ah
Just as long
As you're leaving your light on
A whoa whoa whoa
We keep a movin' on
A whoa whoa whoa
With your light on
A whoa whoa whoa
It'll be right on

Don't go thinking that you gotta
Give up on the one that you love.
'Cause I know it's hard to be alone
And everything is never enough.
And I know you never felt this way,
You've been all over the place,
Am I the one you need to see?
'Cause I'll be there on the rainy days
And when the sky's turnin' gray we'll keep

The light on, light on, light on
The light on, light on, light on
We'll be alright, alright, alright, ah
Just as long
As you're leaving your light on
A whoa whoa whoa
We keep a movin' on
A whoa whoa whoa
With your light on

A whoa whoa whoa
It'll be right on

So don't be thinking
That I'm not understanding
Everything you see
And you feel that you gotta be.
'Cause I know this time
You'll be just fine
If you... you just try

Leavin' the light on, light on, light on
The light on, light on, light on
It'll be alright, alright, alright, ah
Just as long
As you're leaving your light on
A whoa whoa whoa
Keep ya movin' on
A whoa whoa whoa
With your light on
A whoa whoa whoa
It'll be right on

Leavin' the light on, light on, light on
The light on, light on, light on
It'll be alright, alright, alright, ah
Just as long
As you're leaving your light on
A whoa whoa whoa
Keep ya movin' on
A whoa whoa whoa
With your light on
A whoa whoa whoa
It'll be right on

We'll leave the light on... (chorus out)
