Come and fight me with your fist
Slap my face until I cry
Throw your load and
Leave me on the street
Nervous pattern cracking

He's fragile as a mountain rock
Weaker than the melting ice

Still on stage he reflects your dreams
But you hurt him with your careless power
Wacky beatings are your style

He is fragile as a mountain rock
Weaker than the melting ice in spring
But then you can't break him with force

His girl will kiss his wounds
And lick them off from pain
Fragile as a mountain rock
They fall together and spend a night
On mountain high

The harder you fall
The harder you hit
A screaming sequel
Paralyzing

Shoot the geek
I hear their shouts
Shoot him in his assets
And shoot him in the arm

Whatever you do
Do it with charm
Especially when
Dealing with harm

The harder you fall
The harder you hit

What else do we
Gypsies in love?
