Spiraling, and trembling, the snowflakes tumble down
Fluttering like angel wings, like diamonds on the
ground.

Autumn leaves are gone now, winter winds blow cold.
But I'd dance through December with your hand to
hold.

Oh, it's you I miss the most every time it snows.

Carolers and revelers, their songs are bittersweet.
The streets are full but they can't fill the emptiness in
me.

Christmas lights are sparkling but they lack a glow.
Everything reminds me that you're too far from home.

Oh, it's you I miss the most every time it snows.

Please come back (Please come back to me my love)

Just come back (Please come back to me my love)

Back to me, my love (I don't want to live without you)

I need you here in my life (I cry frozen tears)

Come back to me

Come back to me

Spiraling and trembling, the snowflakes tumble down.
Fluttering like angel wings, they fall without a sound.
