You need a private storm
So you can say that you've never been thirsty
While we dry away
Cause the thunder is a stimulant
And so is this disease
You've got your scarlett glasses on
Take them off and maybe you'll see
You're living wrong
The future is a delicacy
The source of inspiration
An oasis on the sun
This feeling after I'm done
It don't last long

I like the way that you got what I need
But you transcend my emotion of capacity
And if loving you is a luxury
I'll never be free
I got my scarlett glasses on
If I could take them off then maybe I'd see
I'm living wrong
And the future is a delicacy

The source of inspiration
An oasis on the sun
This feeling after I'm done
It don't last long

We got our scarlett glasses on
If we could take them off and maybe we'll see
We're living wrong
And that
The future is a delicacy
The source of inspiration
An oasis on the sun
This feeling after I'm done

We got our scarlett glasses on
If we could take them off and maybe we'll see
We're living wrong
And that

The future is a delicacy
The source of inspiration
An oasis on the sun
This feeling after I'm done
It don't last long
