Butterflies yeah
Butterflies
You give butterflies
You give butterflies inside
(You give me butterflies inside yeah)
You give butterflies inside
You give butterflies inside yeah yeah

All you got to do is just walk away and pass me by
Don't acknowledge my smile when I try to say hello to
you
All you got to do is not answer my call
When I am trying to get through
Keep me wondering why why don't you give a sign

I just want your touch and kisses
I wish that I could be with you tonight
You give me, 'cause you give me butterflies
Inside baby

All I got say is that I must be dreaming
Can't be real
You're not here with me
See but I can feel you deep in me baby
I confess to let you taste us just so please full listen
I will give you anything, just let my dreams come true

Oh baby you give me butterflies

I just want your touch and kisses
I wish that I could be with you tonight
You give me butterflies inside

I just want your touch and kisses
I wish that I could be with you tonight
You give me butterflies inside
(Baby break it down, break it down now)

If you will take my hand baby I will show you the way,
guide you to the light
If you will be my boy baby I will love you till the end of
time

I just want your touch and kisses
I wish that I could be with you tonight
You give me butterflies

I just want your touch and kisses
I wish that I could be with you tonight
You give me butterflies inside

I just want your touch and kisses
I wish that I could be with you tonight
You give me butterflies inside
