(r. crenshaw / m. crenshaw)

All around this old town
You are the news that's goin' round
Everyone's in love with you
Everyone's in love with you
My friends and i, we're in a whirl
We're all obsessed with the very same girl
We all are in love with you
Now everyone's in love with you
Now I suppose that i
Have got to try to outlast all the other guys
And I've got my hopes up high
That soon they'll pick up the pieces and say goodbye
We all are in love with you
And everyone's in love with you
(repeat)
You know we're all wondrin' what to do
To be the first to get next to you
Everyone's in love with you
Everyone's in love with you
It's too crazy to be true
Everyone's in love with you
We all are in love with you
And everyone's in love with you
