Dinner's in the oven, come on home and get you some
of that
Good, good loving, boy
I'm gonna to lick it up, until there's nothing left then I'm
full
Of your good loving boy
And you corn bread muffin, colored gray turkey
smothered by the biscuit,
Still loving boy

I'm your banana pudding, strawberry sugar, sweet
honey, come on here
Come and get you some, thank you boy
For a good love, thanking you for, a good love
That good love, your good love
So I'm thanking you for.
