I really wanna touch you,
But baby we should take our time
See I'm a hundred miles an hour,
In park but I wanna drive
I really wanna touch you
But baby we should take our time
See I'm a hundred miles an hour,
In park but I wanna drive

So let me take you down
Baby take me now,
I'm intoxicated so faded
Permission is granted, your lips on my
Are not allowed, ooooh baby
Right now I'm needing you baby

We can go in slow motion
(2 miles an hour do everybody sees it)
We can go in slow motion
(2 miles an hour do everybody sees it)
Backstroking to it, slow motion
You moving. I'm so into it, into you baby
We can go in slow motion
(2 miles an hour do everybody sees it)

See I ain't got no reservations
But boy I just want you here
And you know I can't resist you
Every time I look into your eyes
It's all clear, I've had all I can take
In the longer way, you please me
I can feel every whisper turning into moaning and
screaming
Right now I'm needing you baby

Give it to me slow motion
(2 miles an hour do everybody sees it)
We can go in slow motion
(2 miles an hour do everybody sees it)
Backstroking to it, slow motion
You moving I'm so into it, into you baby
We can go in slow motion

(2 miles an hour do everybody sees it)
Give it to me baby

Oooh you make my body tremble
But I can barely remember your name
See that doesn't really matter (right now)

Boy give it to me in slow motion
(2 miles an hour do everybody sees it)
We can go in slow motion
(2 miles an hour do everybody sees it)
Just backstroking to it slow motion
You moving 'em so into it, into you baby
Just backstroking to it slow motion
You moving 'em so into it, into you baby
Just backstroking to it slow motion
You moving 'em so into it, into you baby
(Fade out)
