When we used to say goodnight
I'd always kiss and hold you tight
Lately you don't seem to care
You close the door and leave me standing there
Oh honey that's not fair
Well that's it
Baby I quit
I'm movin' on
The other night we had a date
You showed up two hours late
Although your hair was all in place
Somebody's smeared the lipstick on your face
Oh they just smeared it everyplace
Well that's it
Mmm baby I quit
I'm movin' on
Well you made me love you, you made me leave you
You made me tumble and fall
Oh if I can't have you the way I want you
Then I don't want you at all
No!
Baby I could take a lot, cause I love everything you got
Although your kisses thrill me so, if you've got
someone else
I gotta know
Oh honey that you know
Well that's it
Mmmm baby I quit
I'm movin' on
Yeah, yeah, yeah
You made me love you, you made me leave you
You made me tumble and fall
But if I can't have you the way I want you
Then I don't want you at all
Oh!
Baby I could take a lot, cause I love everything you got
Although your kisses thrill me so, if you've got
someone else
I gotta know

Well honey that you know
That's it
Mmmm baby I quit
I'm movin' on
