(r. tyner, w. kramer, f. smith)  
Motor city music, cotillion music (bmi)

Sittin' in the classroom feel your heart thumpin'  
Start to get the feelin'  
Your head begins to reel n'  
You can't hear what the teacher say  
Because the news is going down  
'bout the rock and roll band in town  
And you know you just gotta hear that band play  
Tonight (tonight), tonight (tonight), tonight (tonight)  
Oh tonight  
On tuesday comes a letter  
Well the army thinks I better  
Get myself down there right away  
Well it's not that I'm lazy  
But I'm just too crazy  
To go do things that way  
'cause the kids will be in town and the jams are goin'  
down  
Gotta do things the natural way  
Tonight (tonight), tonight (tonight), tonight (tonight)  
Oh tonight  
Everyday, gonna hear them say  
Gonna get down in the usa tonight  
Ok kids...it's rockin' time!!  
Everyday, gonna hear them say  
Gonna get down in the usa tonight  
The sun starts goin' down  
Call my girl up on the phone  
Said I'll pick you up at 8  
At last we'll be alone  
I hop in my machine  
You know I've gotta make the scene  
But I'm dancin' to the ground  
There's people going wild  
When the band's really rockin' and there's no stoppin'  
The room begins to whirl  
The room begins to twirl  
It's outta this world  
It's outta this world

Tonight (tonight), tonight (tonight), tonight (tonight)  
Oh tonight  
And then the man on the record says 'hey now  
everybody  
I gotta get movin', I gotta go downtown and hustle me  
up  
Some ack-shun' oh well I'll see you all later...  
Well bye bye  
Bye
