hmm hmmm woahh  
(ohh) hmm hmm (ohh) woah ohh  
(ohhh) wohohh when ever you want

So used to thinking i had it figured out  
thought that i knew what, you were all about  
never meant to fall for each other but it happened  
and i never looked back 'coz i was looking forward  
knew all the days that we could share together  
making our house a home  
but all my nights are alone  
cause you wont make a decsion like  
one: should you leave or  
two: stay with him but  
he aint the one  
(the one you call when you wanna talk all night long)  
dont want to give you the good good  
whenever you need it  
you told me you need me (you told me you need me)  
but you only need me when you want

i'm all yours  
but you only need me when ever you want me (want  
me)  
want me (want me)  
you can have me when you want  
it's your way now baby  
when you want  
i'm all yours (all yours)  
but you only need me when ever you want me (want  
me)  
want me (want me)  
saying you can only be with me when you want

ohhh so used to being in control  
the way i'm feelin' 'bout you  
whenever you got around me boy (boy)  
feels like forever  
and ive never been a one to settle down  
(never been a one to settle down)  
but it changed when it came to you baby  
to bad circumstances set us back

ohhh the problem that i have  
your always coming back  
when you get your way  
coz i stay when you want  
(ohh yeah)

i'm all yours  
but you only need me when ever you want me (want  
me)  
want me (want me)  
you can have me when you want  
it's your way now baby  
when you want  
i'm all yours (all yours)  
but you only need me when ever you want me (want  
me)  
want me (want me)  
saying you can only be with me when you want

and i've always been there for you  
(been there for you baby yeah)  
been there for ya  
for you  
(how much)as much as i care  
(ohh) i'll make up 'coz your my lady  
if you got to go  
i dont know what i would do (i would do, i would do, i  
would do)  
is it him or me? ohh baby

when you want  
i'm all yours (all yours)  
but you only need me when ever you want me (want  
me)  
want me (want me)  
you can have me when you want  
it's your way now baby (oh baby)  
when you want  
i'm all yours (all yours)  
but you only need me when ever you want me (want  
me)  
want me (want me)  
saying you can only be with me when you want

when ever you want  
(when ever you want)  
when ever you want me, want me, want me  
when ever you want (yeah)
