Ooh, baby, baby, baby, baby
In your hands, oh, oh

Your hands hold the small of my back
My body reacts, yes, yeah
They know just what I need
And where to be, yeah

Your hands lead the way
I'll follow you wherever you land
'Cause here up high, here we fly
Together, you and I, oh, why?

Must you lead me on?
If I'm what you want, just say it, don't lie
Here's my heart
Now don't you break it, baby
I'll leave it here in your hands

Ooh, said, my heart, I'll leave it here
In your hands
My broken heart, I'll leave it here
(Your hands)
In your hands

Ooh, I'll leave it here
(Your hands)
In your hands
Don't you break it, baby

Kiss, here on my lips
I've never felt like this
I let down my guard
And then I fall for you

Hear, hear my cry
I'm yearning for you deep inside
Let me reach for the stars, be where you are
All we can do is try, baby

Baby, you do everything
To satisfy me, baby, oh, yeah

And I will give you anything you need
Baby, when you touch me there

With your hands
Ooh, I love it when you touch me, baby
Your hands
Caress me up and down make me say, oh, baby

Your hands, your hands
Yeah, baby, I'll leave my love
In your hands
(Your hands)
My love, my soul, I leave my broken heart
In your hands
(Your hands)

So, baby, won't you save me, leave my love
In your hands
(Your hands)
Ooh, my love, I'll leave it
In your hands
(Your hands)

Baby
