Yo!

Sciffa-diffa-dibba-dibbem-wow

With the way I'm buzzing you with the thought I muck
about

Oh well to the people that's thinking I'm gonna fail

I've never been jailed, but i'm so cool I'm in cells

I'm in a scene full of girls, but I only fuck with you cuz I
know sez sells

And when they say 'holla back'

I tell 'em that I don't speak no americano!

Oh!

We got the sort of flow that you can't purchase

We run down shows and we done verses

10! 10! 10! We did it on purpose

You wearin' all star and converses

Lyrically I'm committing bare murders

You chat to the 5-0, no purpose

They seen from the clouds, dumb circus

Marvell FM, it's all curtains

Hey!

Put it up a little louder

Someone's getting pissed off bubbles getting power

Sorry if my websites damaging your browser

taking over cities in an hour!

We're from London, said you might find us in Trafalgar

Bangin' at the bar room

Bullying the bouncer

DJs pulling out the tracks liek it's Trial Star

Blowing all the money on the girls like it's powder!

And they always quote; 'Their in love wit' us'

But I see through these girls like binoculars

Met her on Facebook, poked her esophagus

Cuz I'm always in my prime, no Optimus!

I keep hearing I wanna be UV

U2s big but wait 'til they see you three

And they can't see me, I'm like UV

This ain't Twitter, stop following my routine!

You see when you write a bar the whole scene dash it,

But when it's us it's just; 'Okay, that's it'

Marvell FM the whole things massive
0-7-9-7-9 man, classic!
But they still acting as if we did voodoo or we practice
magic
To get here, honestly
Think properly
Damn right predictions on 500 lotteries
If I'm a witch what's that guy gotta be
I'm going harder than dried up pottery
I rised up horribly
These guys don't bother me
Reminds me of comedy
You might sell holidays
Footsteps you make, it's great, it's choreography
Cuz it's got a style for the mainstream
And this all started as a day dream
You wish you was fucking on the same team
