(Antonio Armato/Rick Neigher)

Here we are
Close enough to touch
But do we dare
Are we ready to share
How we feel
It's getting so much harder to control
Now I want to reveal
All of my heart to you

One night with you
You taught me something 'bout my heart
I never knew
Just one night with you
And I'm falling in love

Could it be
That everything I want
Is lying here
Looking back at me
And if I had a way
I'd capture all the magic in the air
It would never disappear
As long as you're here
here with me
All I need, baby

Is one night with you
You taught me something 'bout my heart I never knew
Just one night with you
And I'm falling in love
Oh, hoh, hoh, hoh!

When you're standing on the edge of love
You can fly away
Or you can fall
And I think I'm falling
Ooh, ooh, but I'm falling...

One night with you

You taught me something 'bout my heart
I never knew
Just one night with you
And I'm falling in love---
One night only
One night with you
And I'm falling in love
Just one night, hah
Just one night
Ohhhhhhhhhhhhhhhhhhhhhhhhhhh, oh!
Tonight I'm falling in love
