Oh you-ou, oh you-ou
Ooh-ooh-ooh... ooh-ooh... ooh-ooh
Ooh-ooh-ooh-ooh-ooh
Ooh-ooh-ooh-ooh

You (oh you-ou)
And I will always be (always be)
Together you and me (you and me)
For all the world to see
You (oh you-ou)
Brought love into my world (oh you-ou)
And now you've got a hold, a hold of me

Together we can build a dream
and fill our lives with happiness, ooh baby
You and I always together now and forever in a world of bliss
You make me feel this way
You make me feel so good, baby
You make me feel so good
You make me feel so good
Inside of me
Brings a melody

I (oh you-ou)
I knew right from the first day (oh you-ou)
That just can't be no way
I could ever live without you

Together we can build a dream
and fill our lives with happiness, ooh baby
You and I always together now and forever in a world of bliss
You make me feel this way
You make me feel so good
You make me feel so good, ow!
You make me feel so good

Inside of me
Brings a melody (oh!)

You make me feel so good, good, good
You make me feel so good, good, good
Oh baby, sweet baby, with our love
(x2)

Sweeter, sweeter, sweeter, sweeter
He's so sweet
You know my man is sweet to me, ooh, ooh

You make me feel so good, good, good
You make me feel so good, good, good
Oh baby, sweet baby, with our love
(do-do-do-do-do, oh)

[interlude]

You make me feel so good, good, good
You make me feel so good, good, good
Oh baby, sweet baby, with our love
(x2)

Sweeter, sweeter, sweeter, sweeter
He's so sweet (will last, will last forever)
(do-do-do-do-do, oh)
His love is sweeter, sweeter, sweeter, sweeter
He's so sweet
You know my man is sweet to me, ooh, ooh

His love is sweeter
You make me feel so good, good, good
Sweeter
You make me feel so good, good, good
Oo-oooh baby, sweet baby, with our love
Ooh, ooh
