chances has flown
its out of control
you're on your own
doors closed

Heart turns to coal
No entity left in my soul
Get in the role
Do what I have been told

Do what I have been told!

You will not live not another day
I will not find another way
Evil shadow fills the emptiness
The world will feel my distress
And as you slowly fades to dust
Glance at the end of the world
Nothings holy nothing just

Everythings dead
nothings left
Could not have
settled for less

Darkness grows strong in me
Your worst nightmare set free
Images of what will be
Ignite the killing spree

Ignite the killing spree!
You will not live not another day
I will not find another way
Evil shadows fills the emptiness
The world will feel my distress
And as you slowly fades to dust
Glance at the end of the world
Nothings holy nothing just

I am a demon I am a beast
I give the antichrist feast
I have to fight Diminish the light

Let your worst nightmare get free

You cannot escape
This here is true pain
You cannot escape
I'll tell you once again

I'll tell you once again!

You will not live not another day
I will not find another way
Evil shadows fills the emptiness
The world will feel my distress
And as you slowly fades to dust
Glance at the end of the world
Nothings holy nothing just
