I guess it's just another lonely night for me
Picture frames face down on the floor, so they don't
remind me of you
But your memory keeps playin' on my flatscreen
And I can't turn away, I'm yearning for your face and
that's the only way that I can see ya
Why I am forced to walk alone through the ground
I don't understand it, I'm just tryin' get it
I feel that I'm a really good man

So how could you leave me so incomplete, torn in to
pieces
Can't even see the shades of life
Will fade to black and white
You left me colorblind, I'm colorblind
You left me colorblind, I'm colorblind

To the left, To the left, you threw me to the left
Like I didn't mean nothin' to ya
Where to get the strength, cause I wanna be free of ya
But you should lingers in my pillow
And it's got me
And can't eat and I can't sleep, no...
What's the point to going on with no love
I feel what a life
I feel that I'm a really good man

So how could you leave me so incomplete torn in to
pieces
Can't even see the shades of life
Will fade to black and white
You left me colorblind, I'm colorblind
You left me colorblind, I'm colorblind

Now I'm colorblind, I'm colorblind
I wish I'm colorblind
You left me colorblind, I'm colorblind
I wish I'm colorblind

You left me colorblind

So how could you leave me so incomplete torn in to

pices
Can't even see the shades of life
Will fade to black and white
You left me colorblind, I'm colorblind
You left me colorblind, I'm colorblind

So how could you leave me so incomplete torn in to
pices
Can't even see the shades of life
Will fade to black and white
You left me colorblind, I'm colorblind
You left me colorblind, I'm colorblind
