Yet another night I lie awake,
Praying the sunlight will never come.
Cause I can't seem to face another day,
Trying to rewind, but you moved on.

In every frame I see your face,
What will it take just to let you go?
And when will my heart stop beating your name?
God only knows.

Maybe when the sun don't shine,
When the clouds don't fill with rain,
I can forget about yesterday.
And maybe when the leaves fall down in May,
I'll be okay.
Till then I'm gonna keep on trying,
To rewind and play yesterday.
Till then I'm gonna keep on trying,
To rewind and play yesterday.

I wish I still had you to serenade,
Now you're just a picture in my phone.
But I can't let our love, the memories fade,
The hardest part of love is letting go.

In every frame I see your face,
What will it take just to let you go?
And when will my heart stop beating your name?
God only knows.

Maybe when the sun don't shine,
When the clouds don't fill with rain,
I can forget about yesterday.
And maybe when the leaves fall down in May,
I'll be okay.
Till then I'm gonna keep on trying,
To rewind and play yesterday.
Till then I'm gonna keep on trying,
To rewind and play yesterday.

Girl I can't let you go,
You're my heart and my soul.

Trying to find a way just to let you know,
I am losing control.
This is taking it's toll,
Living without you is impossible.

I can't forget about yesterday.

Maybe when the sun don't shine,
When the clouds don't fill with rain,
I can forget about yesterday.
And maybe when the leaves fall down in May,
I'll be okay.
Till then I'm gonna keep on trying,
To rewind and play yesterday.
Till then I'm gonna keep on trying,
To rewind and play yesterday.

Maybe when the sun don't shine,
When the clouds don't fill with rain,
I can forget about yesterday.
And maybe when the leaves fall down in May,
I'll be okay.
Till then I'm gonna keep on trying,
To rewind and play yesterday.
Till then I'm gonna keep on trying,
To rewind and play yesterday.
