Welcome to my head where,  
your face has been poured in.

And I keep drinking coffee cause my thoughts stay  
clear when things start to spin.

And every night on my floor,  
I'm thinkin' bout you more and more and more  
More and more.

So how are the stars tonight in Hollywood?  
Cause I'm watching the planes back home.  
We got time in advance  
but we don't got time on our hands.

Welcome to this spotlight  
I'm keeping on all my lights.  
And i keep rolling over  
Cause my head's completely sober.  
And now every night on my floor,  
I'm thinkin' bout you more and more and more  
More and more.

Cause I,  
I'm singing out the same tune.  
Like you can hear it in your bedroom.  
Can you hear me in your bedroom?

So how are the stars tonight in Hollywood?  
Cause I'm watching the planes back home.Ooh  
We got time in advance,ooh,  
but we don't got time on our hands.  
Cause I  
I dreaming out the same dream.  
Like you can see it when your sleeping.

Welcome to heart where,  
An army marches through.  
(Can see me when your sleeping? Yeah, yeah)  
And they blow everything to smithereens.

And all that's left you,

Yea all that's left is you.
