(Chorus) Girl if you ready for the world then come on and hop inside Pedal to the floor I'ma take you for a ride Let's ride x3 Baby Let's ride x3 Just tell me where you wanna go all we gotta do is drive Don't worry about a thing put your troubles to the side Let's ride x3 Baby Let's ride x3

(Verse) Fast cars, fast women In the city we be fast living She's mine and I'm driven Making that paper and in money we'll be swimming We be like Bonnie and Clyde when we be cruising with the top down They can't deny that we the baddest couple in town When I'm with my chick we demolish it Everywhere we go, e-everywhere we go Baby you're my girl and I'll always be your man We can travel the world and play catch us if you can But they don't got nothing on us

(Chorus) Girl if you ready for the world then come on and hop inside Pedal to the floor I'ma take you for a ride Let's ride x3 Baby Let's ride x3 Just tell me where you wanna go all we gotta do is drive Don't worry about a thing put your troubles to the side Let's ride x3 Baby Let's ride x3

(Outro)
