Cut the radio,
the noise is a Devil in your ear-
fill you full of fear.
'Cause it's driving you insane
and the Devil wants to steer
everything you hear.
So you're working for the man
but the man is going broke.
Take another toke, yeah,
all the Devil's going to say is
your future's up in smoke.
Life is but a joke.

Let it go,
let it fall by the wayside.
Let the rhythm life you up
into the sunlight.
Close your eyes and
let the music move your body right.
Damn it's good to be alive,
the good life.

Kill your television
or you'll find the Devil in your eyes,
fill your head with lies.
Make you think the world is waiting
just to cut you down to size-
keep you paralyzed.
So the plague is coming back
and it's taking the express.
You can hold your breath, yeah.
All the Devil wants to do
is to keep you in distress,
scaring you to death.
