You bring Sunshine
Into my life
When all my hope was gone
You made every thing all right
There's no place id rather be
Than here with you
Cause you're so sweet my baby
All things revolve around you
When I'm feeling down
You always show your support
And when you're not around
I'm not the same anymore

You're my very special lady
I tilt my hat to you
You possess wonderful qualities
And it sure feels good to me
You're my very special lady
I tilt my hat to you
And you have wonderful qualities
And it sure feels good

Now I won't lie
About my feelings girl
Lets make it last forever
What we have most won't
In their lives
A love that honest and true
In every single way
And you're feminine qualities
Just keep shining through
When I'm feeling down
You always show your support
And when you're not around
I'm not the same anymore

You're my very special lady
I tilt my hat to you
You possess wonderful qualities
And it sure feels good to me
You're my very special lady

I tilt my hat to you
And you have wonderful qualities
And it sure feels good
