On the rooftop thinkin' it's about to pour
People run for shelter, tryin' to get out that storm
But I got you with me, the sun behind me
So what are we leavin' for?

Let's stay, let's get carried away
Your eyes are beggin' me to touch you there
Could be a thousand people watchin'
But we don't care

But look at you tonight
So beautiful under these neon lights, yeah
Who needs lovers lane? Right up on this rooftop
Let's make love in the summer rain
In the summer rain, in the summer rain

Nothin' better than givin' this all to you
And the weather's only adding to the mood
See the wind's blowin', fire's growin'
Both of us soakin' wet

But let's stay, yeah, let's get carried away
Your eyes are beggin' me to touch you there
Could be a thousand people watchin'
But we don't care

But look at you tonight
So beautiful under these neon lights, yeah
Who needs lovers lane? Right up on this rooftop
Let's make love in the summer rain
In the summer rain

There's no place that I'd rather make love to you
Right here on this roof, yeah

Look at you tonight
So beautiful under these neon lights, yeah
Who needs lovers lane? Right up on this rooftop
Let's make love in the summer rain

Look at you tonight
So beautiful under these neon lights, yeah

Who needs lovers lane? Right up on this rooftop
Let's make love in the summer rain
In the summer rain, in the summer rain
In the summer rain, in the summer rain
