"Hail The Chaos!"

Hail the chaos, hail the chaos
Hail the chaos, hail the chaos
Hail the chaos, hail the chaos
Hail the chaos, hail the fucking chaos

Eternal disorder grows inside of me
I salute the turmoil about society
I could care, I could care less

Hail the chaos, hail the chaos
Hail the chaos, hail the chaos
Hail the chaos, hail the chaos
Hail the chaos, hail the fucking chaos

Eternal disorder grows inside of me
I salute the turmoil about society
I could care, I could care less
