Tell me what you believe in
Wage your values against mine
And tell me I am just some piece of shit
With a fucked up mind
Why can't I just shut the fuck up?

Dead, but you're still breathing
A consumer of the highest rank
I wonder when you're gonna realize
That you are just a product
And you shouldn't shit where you eat

Never free, never been
Always chained to misery
Always blind to what's beyond
The horizon, you're just a drone

It is all so sickening
Your wife and kids and family
You don't care 'cause they're all dead
Just like yourself, they keep them fed

Feed you with lies, destroy your minds
Wake-up call, now you stall
So it's their world, not free for all?
Finally you hear the news
A tainted picture, an awful bruise

Confusion, now the bubble bursts
It's time to hit them where it hurts
Destroy the core, melt the machine
Resistance, where it all begins

Open your eyes, look into mine

Fed you with lies
Destroyed your minds
Open your eyes
Look into mine and realize

Resist
