I'm replying to a personal sign
in the paper, said your looking for special friend,
you need someone quite particular
or for a partner, someone your heart can comprehend

I'm replying to a personal sign
in the paper, said your looking for a one night
stand, you dont want nobody personal or loveable, just a
body to get off on

You can drop a coin in me, chose who you really are or
need to be and i will do my very best to be whatever
makes you happy,
you can drop a coin in me chose who you are or need
to be and i will do my very best, no one likes to be
lonely

I'm replying to a personal sign in the paper, said your
looking for your father, theres a love that he gave to
you or neglected to, theres a love that you've been after

You can drop a coin in me chose who you are or need
to be and i will do my very best to be whatever makes
you happy, you can drop a coin in me chose who you
are or need to be and i will do my very best, no one
likes to be lonely, no one likes to be lonely, no one likes
to be lonely (oooh-oooh..)
