You can't help all the feelings,
You been feeling about me, about me, about me.
Every man that I'm seeing, ends up being so in love, so
in love.

Take one look at my body and you keep on coming,
I know what you want.
Take one look at my body and you keep on coming,
I know what you want.

I'm a heart breaker, a Love taker.
I'm a heart breaker, don't go falling in Love.
Don't go falling in Love.

You want love but you're a dreaming, stop believing,
I'm the one, I'm the one, I'm the one.
Cause I'm just in a feeling when
you're feeling over me, over me.

Take one look at my body and you keep on coming.
I know what you want.
Take one look at my body and you keep on coming.
I know what you want.

I'm a heart breaker, a Love taker.
I'm a heart breaker, don't go falling in love.
Don't go falling in love.
