Hey babe, you gotta wake up now
I got something to say
The way I feel, I can't stay here
I gotta leave today

I can't stand to settle down
Gotta catch a ride
I gotta get outta here
Because I wanna be outside

You look just as good to me
And you ain't done nothing wrong
Places that I gotta be
I been standing still too long

Baby, please don't be mad
You treated me real fine
Best thing I ever had
But I gotta move on, down the line

I gotta be in the wind
I want to see the sun
I know I can't be still no more
Not now, the still has gone

I can't waste no more time
So, I'll be on my way
You know I tried real hard
I tried so hard to stay here

I don't know what's wrong with me
I don't know what I'm running from
I got some other place to be
And I'm gonna try it on

Baby, please don't be cold
You treated me real fine
You treated me like gold
But I gotta move on, down the line

Baby, I gotta go
I swear I've got to move

Gotta take a gamble
Even though I'm born to lose

I'll pass this way again
I'll see you by and by
I wish that I could stay
I wish that I was lying

You been real good to me
But it's time that I was gone
There's things you just can't see
And there's something going on

Baby, please don't be sad
You treated me real fine
I know I must be mad
But I've gotta move, I've gotta move
Move on down the line
